Hindustan Agro Engineering branded as Hindustan Agro is one of the leading manufacturers of post-harvest technology equipment in India.

Hindustan agro is one of the India's leading manufacturers of machines and plants for cleaning, grading, sorting, of all types of seeds/grains/pulses/oilseeds etc. Hindustan agro has expanded its operations steadily and ventured into designing, manufacturing, supplying and installing Grain cleaning machine, Atta chakki plant, Dal Mill etc.

Checks are built in at every stage of product realization including purchasing, incoming quality control, in-process quality control and final quality control. Materials are procured from reputed suppliers as per the defined specifications.

All materials entering the factory are checked at the IQC (Incoming Quality Control) section, which is equipped with sophisticated instruments. Each completed machine undergoes stringent finished quality control checks and inspections, at the FQC (Final Quality Control), before it is dispatched to the customer.

The company used modern manufacturing process like mig welding, power press, laser cutting, CNC banding, NC pneumatic spot welding machine, Hindustan agro is a professionally managed organization and has a dedicated team of more than 50 employees. Our rich experience of more than 15 years

Products We Offer...

Atta Chakki Plant With Vibro Cleaning

Atta Plant

Cleaning Machine

Flat Grader

Gravity Separator

Plan Shifter

Multipurpose Vibro Seed Cleaning Plant
